Control Panels & Accessories

Product Overview Information Sheet

Link Controls have a complete range of control panels that provide integrated automatic control of 3ph and 1ph operators for industrial doors and gates.

VST 150

Mini Standard

B2

The range consists of the Mini standard starter, which provides basic and simple multi function control. The WS, B2 and VST panels provide a multitude of access, safety and security features.

WSC

To compliment the range we provide a full range of ancillary equipment including key switches, pushbuttons, loop detectors, radars, keypads and safety and warning equipment.

We hold extensive stock and the majority of orders are despatched the same day for delivery overnight.
